PROFILE

I am Monika Gajendra Mali, a Bachelor of Technology graduate in Information Technology with a strong academic background and hands-on experience in programming and web development. Passionate about technology and problem-solving, I consistently enhance my skills through practical projects that demonstrate my ability to build efficient and user-focused solutions. Eager to contribute to a forward-thinking organization and grow as a professional in the tech industry.

EDUCATION

Bachelor of Technology - Information Technology Shri Guru Gobind Singhji Institute of Engineering and Technology, Nanded CGPA: 7.68	11/2021 – 05/2025 Vishnupuri, Nanded
Higher Secondary Education DBF Dayanand College of Arts and Science, Solapur Percentage: 95.50%	2020 – 2021 Solapur, India
Secondary Education Z. P. High School, Katgaon Percentage: 89.20%	2018 – 2019 Osmanabad, India

SKILLS

Language: Java | C/C++ | Object Oriented Programming | Data Structure & Algorithms
Web Development: HTML | CSS | JavaScript | TailwindCSS | React.js | Node.js | Express.js | SpringBoot
Database: MySQL | MongoDB
Relevant Coursework: Database Management System | Operating System

PROJECTS

- SkillHub [Ed-Tech Platform]** 
Build scalable backend APIs using Node.js, Express.js, and MongoDB to manage user authentication, course creation, enrollment, and progress tracking. Created an interactive frontend with React.js, enabling a smooth and responsive experience for students to explore and enroll in courses.
- Master Typing** 
Developed a comprehensive typing practice application using Python and the tkinter library to enhance typing speed and accuracy. The project featured a user-friendly graphical interface, timed typing tests, error tracking, and progress visualization.
- Portfolio Website** 
Personal portfolio showcasing my work. Developed a personal portfolio website to showcase projects, skills, and professional experience.
- ChatBotX** 
ChatBotX is a real-time chat application built with the MERN stack and integrated with Google Gemini AI, offering AI-powered responses. It assists users with coding queries, algorithm explanations, and problem-solving, providing an interactive platform for learning and collaboration.

PROFESSIONAL EXPERIENCE

Frontend Developer Intern <i>Therayu – Healthcare Platform</i> Working on building the frontend for the Therayu, a digital healthcare platform integrating Ayurveda, Physiotherapy, Yoga and Diagnostics. Developed responsive user interfaces using React.js, Tailwind CSS, and JavaScript.	05/2025 – Present (Remote)
